

Loretta Marie (Bohn) Fields

January 1, 1944 - August 21, 2010

You might remember Loretta as a member of our Glee Club, but her musical talents were nurtured by her father, Ted Bohn, who had a radio show in the 40's and 50's in Campbell. Loretta played piano and sang on her dad's radio show and she passed her love of music on to her son, who played in a band. The love of music and performance ran deep in the family.

Loretta lived a full life as wife and mother to five sons and one daughter. She was a homemaker who focused on her family and her church. She enjoyed her nine grandchildren and no doubt filled their hearts with music. Loretta played piano for her church and participated in church activities.

She is remembered by her son Toby as a loving mother and a woman who's "life was about caring for others and feeding the local hungry and less fortunate." Loretta was an example for her children and grandchildren of someone who opened her heart and home to those in need. She made our world a better place, she filled hearts with music, she made a difference in other's lives.

This is from Loretta's service
